T. "Katy Flyer" Robbed by Two  
Bold Men Who Force Engineer and  
Fireman to Aid Them in Their Plans**

By Associated Press  
ST. LOUIS, July 10.—Two masked bandits who held up the westbound "Katy Flyer" on the Missouri, Kansas & Texas road near Union, Mo., 50 miles northeast of here, captured a trackwalker who surprised them as they were robbing the train and took him away with them.

This was learned from the train crew this morning. The story of the robbery was told by A. L. Mudd, conductor and by John Snadley, engineer. The train, which left here at 8:30 last night for Texas, stopped at Union on the north end of the Missouri at 12:15. These two bandits are supposed to have been on board. After the train had gone a short distance the engineer heard a noise behind him and turning saw a man with two revolvers leveled at him.

"He told me to stop," said the engineer, "and I did so." "Then he told the fireman to run back and unlock the train between the last express car and the first passenger car."

The fireman unlocked the train and the bandits forced the engineer to run the engine and express car to a point near Kintyoke, on the river bank. They entered the express car and forced Messenger J. G. Nicholson to stand with his face to the wall while they blew both doors from the safe. While this was going on a trackwalker, said to be William Christopher, appeared. The robbers made him prisoner.

When the train stopped, Conductor Mudd and William Glass, train auditor, got off to fight the trouble.

"Two men armed with a fusillade of shots," said the conductor, "and told to stay in the coaches. We stayed."

Ernst Ahmann, a constable at Augusta, Mo., was one of the first officers to arrive on the scene. He said he was told by the train crew that the bandits carried off a sack of silver weighing 60 pounds and a package of registered mail.

**CENSURES SCHOOL SYSTEM****Los Angeles Man Urges Greater Freedom for the People**

By Associated Press  
ST. PAUL, Minn., July 10.—Unless certain reforms are made in the educational system, the public schools of America will lose their hold on our civilization and continue to exist only as a decaying institution. This was the declaration of J. H. Frank, superintendent of schools of Los Angeles, Cal., in an address before the annual convention of the National Education Association which closed a week's session tonight.

"Every child has a right to freedom in the pursuit of his normal development, free from mental, religious, political or racial exploitation on the part of those stronger than himself," he said.

Henry C. Cox, a Chicagoan speaking before the Chicago Education Association, of which he is the general secretary, said "The present attitude for the teaching of religion in the public schools is based on three misapprehensions," as follows:

"First, that the state may properly teach religion; second, that religion can be taught in mathematics and many other subjects; and third, that teaching religion would solve all the problems of useful citizenship and cure the general public apathy to citizenship at all."

**TO CUT STATE TAX.****Governor Cox Calls Special Session of Ohio Legislature**

By Associated Press  
COLUMBUS, O., July 10.—Governor Cox issued a proclamation this morning for an extraordinary session of the Ohio legislature to be convened on Monday, July 20. The extra session is to be devoted to the one subject—reducing the state tax levy.

Under the Warren tax law, enacted at a recent session, the Ohio tax duplicate has been increased many millions, and the governor, in his message, will recommend that the tax rate be reduced accordingly. It is expected that the extra session will not last more than two or three days.

Cleveland Reporter for Sundry  
Untrue Dispatches.**

WASHINGTON, July 10.—Secretary Garrison has ordered for the first time the new army regulation governing war correspondents in the case of Fred Hoult, an American writer with Puntum's brigade. He was charged with sending out sensational and untrue dispatches. The secretary has revoked his credentials as a correspondent with the field army and ordered his repatriation.

As the dispatches in question also involved the navy, Secretary Garrison has stayed the execution of his order while Secretary Daniels investigates. At the War Department it was said the official record showed Hoult to be accredited to the Cleveland, Ohio, Press.

**MEXICAN CABINET OFFICER**

AMSTERDAM, July 10.—Adolfo de la Lanza, Mexican minister of finance, left the capital today for Vera Cruz whence he is to sail on board the French liner Espagnole for Europe. The constitutionalist commander invading Guaymas was authorized to agree to an armistice with the Federalists and leave the city by boat, the true being to save property of non-combatants and unnecessary slaughter.

General Carranza has authorized Alvarado to establish a municipal government immediately at Guaymas.

**DECISION IMPORTANT****Supreme Court Holds Landlord Not  
Responsible for Construction.**

Special to The Courier.  
UNIONTOWN, July 10.—An important decision affecting the relations of landlord and tenant has been handed down by the Supreme Court in the suit of Max Levine against Dr. J. C. McClelland of Connellsville. The papers having just been received at the courthouse here.

The Supreme Court holds that a landlord is not responsible for damages resulting from faulty construction, if such defects existed at the time the lease was made. It holds that the lease should determine for himself whether the building is satisfactory.

Levine sought to recover damages because some goods were ruined when water leaked through a roof of the building. The lower court ordered a non-suit and the higher court upheld that decision.

**STATE COPS LEAVE****End of Westinghouse Strike Relieves  
Them from Duty.**

By Associated Press.  
PITTSBURGH, July 10.—Troopers of the state constabulary were still on duty in East Pittsburgh today, but when Captain Adams learned that all strike pickets had been withdrawn following the decision of the strikers last night to return to work, he ordered the troopers to break camp at 2 o'clock this afternoon and march overland to Greensburg, their headquarters.

Many Westinghouse strike workers returned to the shops this morning and it was predicted that by Monday the plants would be operated as usual.

**Many Fares Rebated.**

CHAMBERSBURG, Pa., July 10.—Twenty-three thousand persons received \$306,414 in exchange for more than 3,000,000 coupons issued by the Chesapeake & Ohio railroad to passengers during the time the loyalty of the two-cent fare law was being tested in the courts, according to the report of the fare refunding commission made public today.

**ARCADE CLOSED UP;

and House is Attached  
by Creditors.****VAUDEVILLE ACTORS UNPAID****Claims for Wages Amounting to \$51  
Are Presented; Last Performance  
Yields Only \$10 and Movie People  
Demand Their Money in Advance.**

Charged with getting money under false pretenses and giving worthless checks, Manager Stanley A. Platt of the Arcade Theatre, was placed in the lockup at 2 o'clock this afternoon by Special Officer J. W. Mitchell, on oath of Fred Schorer, of the Young House. The amount of Rohrer's claim is close to \$100. Of this sum, \$45 he alleges was given him in checks which he says subsequently proved to be worthless.

The arrest of Platt was the climax of financial troubles that beset him following the attaching of everything in the theatre to pay salaries. These were issued by Alderman Fred Munk this morning in behalf of H. C. Robinson, shadowgraphist, for \$13.31; Thomas Hildreth, wife and son, novelty entertainers, for \$18.75; and James and Alice Horne, singers and dancers, \$26.15, or a total of \$67.

Practically everything in the theatre is attached for some claim or other. There is a piano for \$22 on the piano, the moving picture machine is tied up by another claim and the theatre is said to be a real claim of huge proportions.

The performers who were to appear here the latter part of the week found that their predecessors for the first half of the week would not get paid. They could not possibly be refused to go on. One team, a man and a woman, had only 40 cents after they arrived in town and with no prospects of employment they were in sorry straits. They finally managed to get out from their bookkeeping agency and were able to get out of town.

The show at the Arcade went on last night with one act and the pictures, but only 110 was realized. The show was turned over to the performers, which was a great relief, so they produced films for today unless there was an advance of \$10.35, and rather than risk losing what they had gotten the performers decided to close.

Platt came here about three weeks ago from Clarkburg, W. Va., after making some sort of an arrangement for the transfer of the house with Frank Hall, the former manager. With him was Attorney Schwartz of Clarkburg, who was also being sought by one creditor this afternoon.

**FIGHT OVER ICE CREAM****Extra Measure of Milk, Assyrian Ties  
With a Youth.**

The measure of ice cream given Nathan Kanowick yesterday by John Ayley at the Young Crystal Ice & Storage Company's plant resulted in a row that reached the office of Alderman Eugene O'Donnell in evening. The chairman of the committee, who was taken out after it had been installed, is charged with other strong reasons why his water should not be measured by meter, the installation was refused. Mr. Kanowick also had to pay for water run from his faucet to clear the mud and sand that accumulated at the end of the service main.

Earlier in the week a similar tender from Robert Norris at his old flat rate at home last night. Mr. Norris is employed on the public roads and a meter turned out when he found it had been installed without his consent.

**METHODIST PROTESTANTS  
ATTACK THEIR PRESIDENT****Dr. Davis Is Assailed as Too Ambitious  
and Church Mergers is Bitterly  
Opposed.**

At a meeting of Methodist Protestant ministers held yesterday in Pittsburgh, Rev. Dr. Lyman E. Davis, president of the general conference of the Methodist Protestant Church, was bitterly attacked with more mildly attacked, and accused of being too ambitious for the good of his church, for calling a general conference of the Methodist Protestant Church to be held July 16 at Columbus, having for its ultimate object the merging of that denomination and the United Brethren Church.

The protest against the action of Dr. Davis was launched by a number of clergymen and laymen. Those present were Rev. A. B. Fletcher of the First Church of the South Side, Pittsburgh; Rev. George Sheppard of Washington, Pa.; Rev. J. W. Richter of Pittsburgh; Rev. John Henderson of Hoboken, N. J.; Rev. Martin of Monticello, N. Y.; Rev. F. S. Gower of Wilkes-Barre; Rev. K. H. Kitchin of Connellsville; M. J. Kneffeld, Pittsburgh; and Lee Crammy of Bakerstown. Dr. Davis was not present.

Competition is keen this year and those judges who have already made their rounds report that the gardens and lawns surpass those of last year. Hitherto the winners received a photograph of their house and garden in addition to the money prize, but this year the picture will not be taken, except for special purposes.

Conditions this year were unusually good and a greater number of gardens were planted. A majority of them were utilized to grow ordinary garden produce, and it is estimated that at least \$250,000 worth of crops were raised. Some of this will be consumed by the families themselves, but the surplus will be disposed of to the Union Supply Company stores, which pay the market price for what the gardeners offer them. The stores have been advertising for garden produce for some time and much will be secured as soon as it is ready for market.

Some of the Frick villagers, however, do not go in for garden stuffs but devote their entire garden space to raising forage for their live stock. The prices for the best forage classes, those for the larger plants and those for the smaller ones, are given, \$10 for the best garden, \$5 as second and \$3 as third, with \$5 as fourth prize for the best forage. For the best forage, \$10 for the best garden, \$5 as second and \$3 as third, with \$5 as fourth prize for the best forage. For the best forage, \$10 for the best garden, \$5 as second and \$3 as third, with \$5 as fourth prize for the best forage.

**AGAIN REFUSES MONEY****This Time Water Company Declines  
Proffer From J. L. Schick.**

J. L. Schick yesterday tendered the Connellsville Water Company payment of his water bill for the quarter at his old flat rate, and the company refused to accept it. In the presence of a witness, Mr. Schick presented his bills and gold coins sufficient to pay for the water. The amount of the bill for the Highland Chemical Company, of which Mr. Schick is manager, was received and accepted, but the tender for his residence was refused.

Mr. Schick was one of those who had his meter taken out after it had been installed. He claims that in addition to numerous other strong reasons why his water should not be measured by meter, the installation was refused. Mr. Kanowick also had to pay for water run from his faucet to clear the mud and sand that accumulated at the end of the service main.

Judges are now passing upon the gardens and lawns in all of the H. C. Frick Coke company's towns, making the annual prize awards. The period during which the judges make their rounds extends from July 1 to July 15. All prizes will have been distributed by the latter date.

Competition is keen this year and those judges who have already made their rounds report that the gardens and lawns surpass those of last year. Hitherto the winners received a photograph of their house and garden in addition to the money prize, but this year the picture will not be taken, except for special purposes.

**HEAT IS FATAL****Broad Ford Man Falls Dead in His  
Yard.**

Overcome with the heat, Frederick Krause, 51 years old, a well known resident of Broad Ford, dropped dead at his home last night. Mr. Krause is employed on the public roads and returned home last evening from work apparently in his usual health. He ate his supper and while walking out into the yard dropped dead. Allegheny Spondee of Berlin has composed and published a march song, "He's a Froxy Son of Thunder," which holds a peculiar interest for the residents of this section. Set to appropriate music, Mr. Spondee's song relates the joys of the life of Joe Lauch of the mountains "just below the clouds."

The music is pretty and the song and words should score a hit in the section it describes.

**HEALTH ORDINANCE IS NOW  
IN EFFECT; MAYOR SIGNS IT****Measure Goes Into Force Immediately  
and Health Board Gets  
Authority It Asked.**

The provisions of the new health ordinance became effective this morning when Mayor Marietta affixed his signature to it. An amendment to the original measure makes the ordinance an urgent one and it thus becomes in force four days after final passage, instead of ten.

The board of health is now vested with the authority it did not have when the little controversy with council arose some weeks ago. If prosecuted, the ordinance will be there to back up the board.

**CAMP TIME NEAR****V. M. C. A. Boys Busy Earning Funds  
to Defray Expenses.**

A distress call from the Pittsburgh Young Men's Christian Association boys camp on Indian creek, calling for a quick shipment of tents, arrived at the local association that the camp was overcrowded and boys coming on every train. All the available canvas belonging to the local association was shipped this morning.

The indications are that the Connellsville camp will also be the largest yet held. Forty-two boys, who have earned more or less money toward their camp expenses, are enrolled as prospective campers, while each day brings new applicants. Not all the 42 will have the necessary funds when the camp time comes, but there will probably be more than 30 on hand at the opening of camp.

The campers will meet tonight to plan a lawn party next week in the neighborhood of the Chautauque tent, with a view of adding to their camp funds. Quite a number of the boys have steady jobs, one has already earned his fee by shining shoes, and others are busily earning money. It is no credit to them to have to save they have not earned enough to take them to camp.

Arrangements will probably be made with the Cultural Club whereby the campers will be allowed to sell Chautauque tickets on Monday and Tuesday of next week on a liberal commission basis. Every boy who would like to go camping is invited to attend the meeting tonight.

**BIG TURNOUT ASSURED****Republican Committee Showing  
Good Interest in Meeting.**

A big turnout of Republican central committee members is assured at the meeting called by County Chairman C. O. Schroyer for tomorrow afternoon. The committee will meet in the courthouse at 2 o'clock.

Case the Board sent a full delegation and the other districts in the northern end of the county will be well represented. There is no lack of enthusiasm in Uniontown, Brownsville and the southern districts. It seems necessary to hold an overflow meeting.

M. M. Garland and Colonel Thomas S. Craze, candidates for congressman-at-large, Attorney H. M. Hopwood, party nominee for congress from this district, State Senator C. W. Crow and other candidates will speak.

**EAGAN IS CAUGHT****Fugitive Dunbar Patrolman Run Down  
at Braddock; Letter Gives Clue.**

Following a clue to the whereabouts of Patrolman W. D. Eagan, contained in a letter to a resident of Dunbar, Squire Folsom succeeded in locating the fugitive officer in Braddock where he had secured a position on the police force. When Eagan reported for duty last evening he was arrested and locked up. Constable Pierce Baker went down to Braddock this morning and was bringing his man back this afternoon.

Eagan escaped after being caught in a raid in a house on Railroad street Tuesday night. He will be given a hearing on a charge of adultery prosecuted by his wife as soon as he arrives in Dunbar.

Word from the eastern part of the state is to the effect that Fred Paige did not skip out with Needham and Shannon and about \$1,000 of the funds of the Central League which the trio obtained in Schuylkill and Northumberland counties.

Tanquary papers state that Paige is still in Shamokin where he is endeavoring to re-organize the circuit and finish out the schedule. The success of this, however, is doubtful.

## WATER ISSUE IN RAISED.

Public Service Commission Asked to Restrict Tariff on Borough.

A case of interest here is that which has been brought by the Allegheny Water Company against the Borough of Tarentum before the Public Service Commission in which it seeks to restrain the borough from erecting a municipal plant.

The water company says the borough is building a plant with which it proposes to furnish water to the consumers of the town at such a low figure that the private concern will be driven out of business. The outcome of the case will be watched with interest here and elsewhere.

## WOMEN ARE BARRED

May No Longer Ride on Front Seats

Signs are being posted in all West Penn summer cars that hereafter women will be prohibited from riding on the front seats. Conductors and motormen are being ordered to enforce the order strictly. It does not apply to male passengers. Officials of the West Penn state that the new order is made solely to prevent possible accident. In case of some slight mishap, women are likely to become scattered and jump from the car. They have been known to grasp the motorman and interfere with the operation of the car.

On warm nights the front seats of summer cars are always a favored place because of the cool breeze stirred by the motion of the car and women occupy it as much as men. In the future they will have to remain behind while the men enjoy the cool spot.

TO PUT AN END TO ALL SUPERFLUOUS HAIR

Specialist's Advice to Ladies Who Have Been Deceived and Disappointed.

Thousands of ladies and even young girls have learned to their sorrow that it does not pay to trifle with hairy growths on the face and arms by trying to remove them with worthless pastes, powders and liquid depilatories that smelt, crack and burn the skin. There is, however, a simple, inexpensive treatment which never fails to remove all hairy growths on the face and arms without pain or injury to the skin of complexion. It was put in public use by a well known society woman who found that it entirely destroyed all hairy growths after all else had failed. In a surprisingly short number of cases it has killed the hair roots so that the hair has never to grow. If you have tried all the advertised depilatories in vain and want some quick results, get it from Fresh's & Co. in an up-to-date, druggist or department store. Signed money-back guarantee comes with every package. Ask for it by name. Mrs. Dagwood's Wonder. Let me explain you, however, and to apply Mrs. Dagwood's Wonder to my hair, you do not wish to be destroyed. Adv.

## REVOLUTION.

Political revolution is in the air. A mighty storm of protest against incompetent and unwise Democratic administration is gathering throughout the North and West and in portions of the South. The Democratic party has had its day in court, its doom is about to be pronounced.

A Democratic Congressman from Colorado has seen the handwriting on the wall, and in Colorado politics, to see is to act. This Congressman has not time in renouncing the Democratic administration at Washington as incompetent, and declaring that the best interests of the whole country demand the defeat of the Democratic party this fall. He promises to lend his voice and influence to that patriotic end.

Down in Louisiana, where the Democratic Tariff has all but destroyed the sugar industry, and injured others in which the state is interested, low mutterings of revolt sound over the lagoons and marshes, and it is now said that this state will vote Republican in order to rebuke the Democratic party. This will not be the first time Louisiana has voted against the Democratic party, and, singular as it may seem, the cause of its defection is in each case the same. The Democratic Tariff of 1894 was responsible twenty years ago, the Democratic Tariff of 1913 is responsible now.

One would think after such experiences with the Tariff, that the Democratic statesmen would proceed with caution in reneuing it, and that they would profit by their former experiences. They have done neither. They have brought suffering upon the country and defeat upon their party by blindly repeating the errors of the past. One who blazes a new path may be excused for making mistakes, but those who travel the open road ploughed with lumber have no excuse for getting mired in the swamps of ancient error.

The Democratic administration was not the choice of a majority of the American people. It was the result of a political accident, if we may be permitted to put the matter politely. It was consequently on trial before the country. It has only succeeded in demonstrating its inability to govern. While this has been demonstrated in many ways, it has been brought particularly home to the people by the depression in business and the political paralysis of industry.

When political parties war upon the pocket and the dinner pail, people don't stop to argue about the color and cut of political angels' wings. Revolution is at hand.

The latest political bulletin from the state of New York is that the Colonel will be compelled to take the Progressive nomination for Governor. In order to prevent the Hon. Bill Sulzer from capturing it. This would seem to indicate a backward trend of the Progressive movement in the Empire State.

Dive down and come up with a Jonathon for the swimming hole. We were all boys once.

President Wilson is up against the prerogative of the Senate in the matter of the confirmation of his nominee for membership of the Reserve Board, and in this case it is settled with a bang.

When the Woman gets after him the Dark Man may as well surrender.

The three ovens in the Pittsburgh coke district are running full. We mention this fact for the general information of the Connelville News and the Uniontown Standard.

Settlement Day for Connelville's creditors has arrived. It was a long time coming, but the account was always good.

Back-biting is always dangerous, but it is always visible. Back-biting is different.

It's a pity the anti-splitting ordinance cannot be applied to some of the juvenile Democratic organs.

**GOSPEL SERVICE**

Meetings Well Attended at Gospel Tent on 34th Street.

The meeting was well attended last night at the gospel tent at the corner of Main Street and Cottage Avenue. Pastor P. H. Robbins spoke on "What Must I Do To Be Saved?" He said in part:

"In the great conflict of the ages between God and Satan the adversary of souls has apparently gained the victory. He has taken the world captive and is sweeping it on to destruction at a rate that is appalling. But though he laughs from every corner at his apparent success, nevertheless, through it all God's wonderful plans for this earth are being worked out. And the fulfillment of God's purpose means the final destruction of sin. God's plan is not yet accomplished, and God will yet have his way with the earth. He is working it out in another way, but the plan which he originated at the beginning for the earth will certainly be carried out."

"The first birth failing to produce holiness, purity and righteousness as God intended it should, when Jesus came to the world, the most logical message he could bring to mankind was, 'Ye must be born again.' In the second birth through Jesus Christ all that was lost by sin is restored. The second birth gives us eternal life and makes us the subjects of the kingdom of God. God's great purpose for the human race will not be delayed much longer."

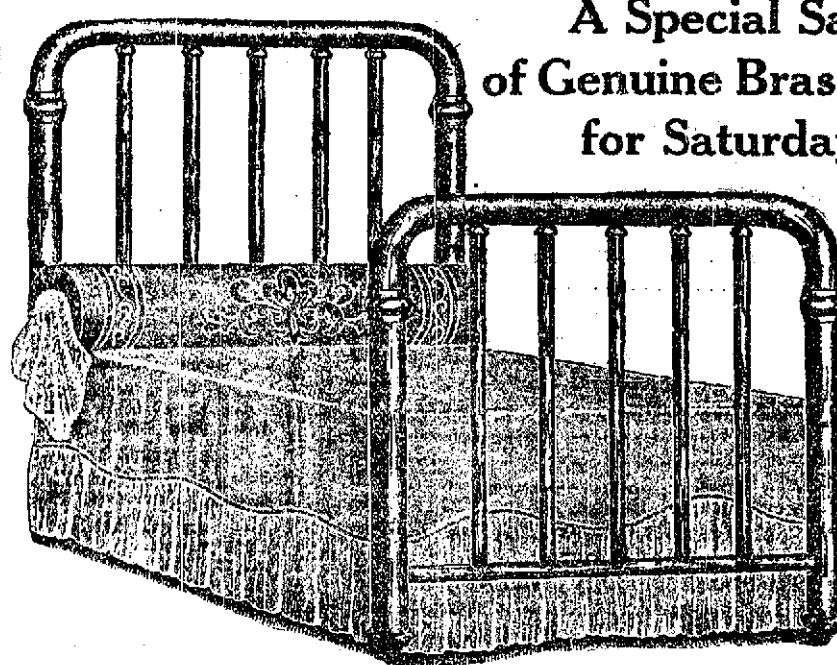

That the coming of Christ is near was forcefully brought out by Pastor G. L. West in his sermon on "The Signs of Christ's Second Coming" Wednesday evening. He said in part:

"That the second coming of Christ is a very popular truth in Heaven, God the Father believes in it. Acts 2:20, Jesus believes in it. John 1:1-3, the holy angels believe in it. Acts 1:9-11, and all the holy prophets believe in it. Acts 3:20-21." The speaker referred to Tim. 2:15, and said: "These parables tell plainly that perilous times shall come in the last days; that the people will be lovers of pleasures more than lovers of God. They will be without natural affection, having a form of godliness, but denying the power of God. The Apostle James shows in chapter 5:1-9 that the holding up of riches in the last days will be a sign of the end."

Subject tonight, "What Must I Do To Be Saved?"

## Porfirio Diaz.

By GEORGE FITCH,  
Author of "At Good Old Slaves."

Porfirio Diaz is a very old gentleman who is looking around the lap of luxury and feeding the war news from Mexico with a grim smile.

Diaz isn't a Parisian. He is a Mexican and could trace his ancestry back to the Aztecs if his ancestors had kept any records. He was born in the southern part of the country 34 years ago, and after he had learned all his father, an innkeeper, knew, he went to a Catholic school. When he was 16, the United States army invaded Mexico and Diaz ran away to war. He walked to Mexico City, but the United States army got there before him and he was compelled to show his patriotism in some other way.

Diaz accordingly cast a vote against General Santa Ana a few years later. Voting against the Mexican president is a capital offense, but Diaz decided to be shot. He gathered some patriots together and started a revolution. For many years he revolted violently against every president or emperor who showed his head including Maximilian.

In 1878, Diaz, who had retired, decided to go into the revolution business again and chased Lerdo out of the country. At Diaz was in command of a victorious army, it was thought best to elect him president. He retired in four years, but in 1890 was re-elected. Five times after that he was re-elected president. Occasionally other statesmen became willing to take the job, but they generally escaped with a light sentence and there was little disorder. The election judges from long practice became so expert at counting that they were able weeks before in deciding to announce the majority and in fact those who were likely to vote for some other man.

Mexico has had 50 presidents and dictators in less than 60 years, but none of them were of Diaz's type. He called himself president, but in reality he was master of the country. He made Mexico so peaceful that those who were dissatisfied came to the United States instead of revolting, and so prosperous that the great Mexican capitalists were rich and able to support many poor homes from their income. Under his rule Mexico built great

railroads, buildings and factories and the people were enabled to bear four times as great taxes as before, owing to the fact that he wasn't allowed to waste any time learning to read.

Two years ago, Madero revolted and chased Diaz out of Mexico. This has been very hard on Mexico, which has come back to the old brand of dictators, but if she makes the United States mad enough in her convulsions, this country will step in and take Diaz's place. Then the country school and the baseball game will bloom in the land and Mexico will wake up at last.

Now is the Time to Get Rid of Those Ugly Spots.

There's no longer the slightest need of tedious treatment of your freckles as the prescription ointment—double strength—is guaranteed to remove these hateful spots.

Simply get an ounce of ointment—double strength—from A. A. Clarke and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have

vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength ointment as this is sold under guarantee of money back if it fails to remove freckles—Adv.

## Save the Babies.

**INFANT MORTALITY** is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen.

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine, in considerable quantities, and are deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of *Chas. H. Fletcher*. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever. Genuine Castoria always bears the signature of *Chas. H. Fletcher*.
